-----	---------	---------	----------	----------------	-------------------

**Class Format:** Fully Online | **Campus:** Online

**Class Notes:**

This is an online class.

Students are required to attend live online class meetings during the specific days and times listed in the class schedule. Watch your Palomar College email for a class link.

Enrolled students will access course materials and participate in class activities through Canvas:

<https://www.palomar.edu/atrc/lms-login/>

Lecture and Lab must be taken concurrently. When you enroll in this class, you will also be automatically enrolled in the lab.

This is a synchronous live web class. Students are expected to participate in live classes hosted online via Zoom as per the class schedule.

Students will access Creo Parametric software either by downloading the free Student version from PTC.com (you will need to register for a student account), or remotely accessing the Palomar College CAD lab using the VMWare Client software.

The former method is preferred for the best student user experience. All assignments and student submissions are administered through the Canvas Learning Management System (LMS). More instructions and details will be provided in the Canvas course.
